INTERNATIONAL FLAG CONSTRUCTION

Many Foreign and International Flags are created simply with stripes of color joined together, hemmed edges and heading with grommets.

Examples of Striped Foreign Flags:

France Germany Italy Ireland

Striped Emblem Flags are constructed of 200 Denier Nylon Fabric. The stripes creating the background are sewn together using a lap seam technique. Emblems or seals can then be added to create specific foreign flags.

Example shown:
Cameroon
(UN Member)

Other foreign flags are more intricate and cannot be properly rendered in the smaller 2x3' and 3x5' sizes using the traditional sewn and appliquéd technique.

Disburse-dyed Nylon would be appropriate for the manufacture of these more detailed foreign flags.

The following national flags would be examples of this:

Iran Swaziland United Kingdom

All member nations of the United Nations as well as additional ethnic flags are available. Visit our extensive website to learn more!

DISPLAY FLAGS AT INTERNATIONAL GAMES

Honor medalists at international games with these attractive national display flags.

This type of display flag is finished with heading and grommets at the top to suspend from a ceiling. Additionally, the flags are provided with pole sleeves at the top and bottom with a 1" dowel inserted for structure and weight.

MANUFACTURING METHODS

All Flags manufactured in Nylon Fabric

- Sewn lap-seamed stripes
- Sewn lap-seamed stripes with sewn and appliquéd emblems and seals
- Disbursed Dye

*All outdoor flags are finished with standard heading and grommets. Indoor flags are finished with pole sleeve (with leather tabs sewn in) located at the hoist. Fringe may be added to the remaining three sides of an indoor flag.

AVAILABLE OPTIONS

Heading and Grommets for Outdoor Flags

Fringe for Indoor Flags
Available in *Flag Gold, White, Black, Royal Blue, Navy Blue, Red, Green, Silver Gray, Natural, Metallic Gold.*

Pole Sleeve with Leather Tabs for Indoor or Outdoor Flags

Roped Heading is available in replacement of heading and grommets on outdoor flags 8'x12' or larger.

Non-tangle rods and patches are used in conjunction with one another to prevent a flag from wrapping around a pole. The rod is secured to the halyard roping at the top and clamped to the flag patch at the bottom.

A Grommet patch is used as a tie-down from the flag to the surface of a building or other rigging point.
